Job Presets	10	9
Ads	6 std. plus custom	8 std., 2 open
Use Rewards Points for Postage	**Yes**	**No**

There is NO reason to lose deals to Neopost!

DM125 Features and Benefits

Feature	Benefit
Constant Connection (LAN)	Faster downloads of rates, software upgrades, postage refills. Alternative connection option (no analog phone line)
INVIEW Accounting	Meter-based accounting to allow deeper reporting for cost centers and charge-backs
INVIEW™ TMR - Total Meter Reporting	Web based visibility to single and multi-site locations. View total postage spent and pieces viewed remotely from My Account. Combine DM125 with higher level DM and Connect+ data.
Custom Text Entry	Allows customers to create and print personalized messages or a return address on the mail piece.
Differential Weighing	Simplifies weighing multiple pieces by stacking multiple mail pieces on scale at once. Weigh is calculated when each piece is removed.
New ink waste tank tray	Allows a customer to replace the ink waste pad, eliminating the need for a replacement meter; less disruptive

INVIEW

DM125 with INVIEW Accounting

- Extended chargeback and reporting directly from the meter
- Accounting periods, batch details, operators & jobs, detailed reporting, and weight break data like other DM Series systems

This launch expands the range of products compatible to INVIEW™ TMR

- INVIEW TMR is the web-based reporting from MyAccount
- Provides remote access to accounting data for single or multi-location accounts

Entry Level Compatibility to INVIEW TMR:

INVIEW™ TMR Account Reporting	INVIEW™ TMR Dashboard
- - -	Mailstation 2

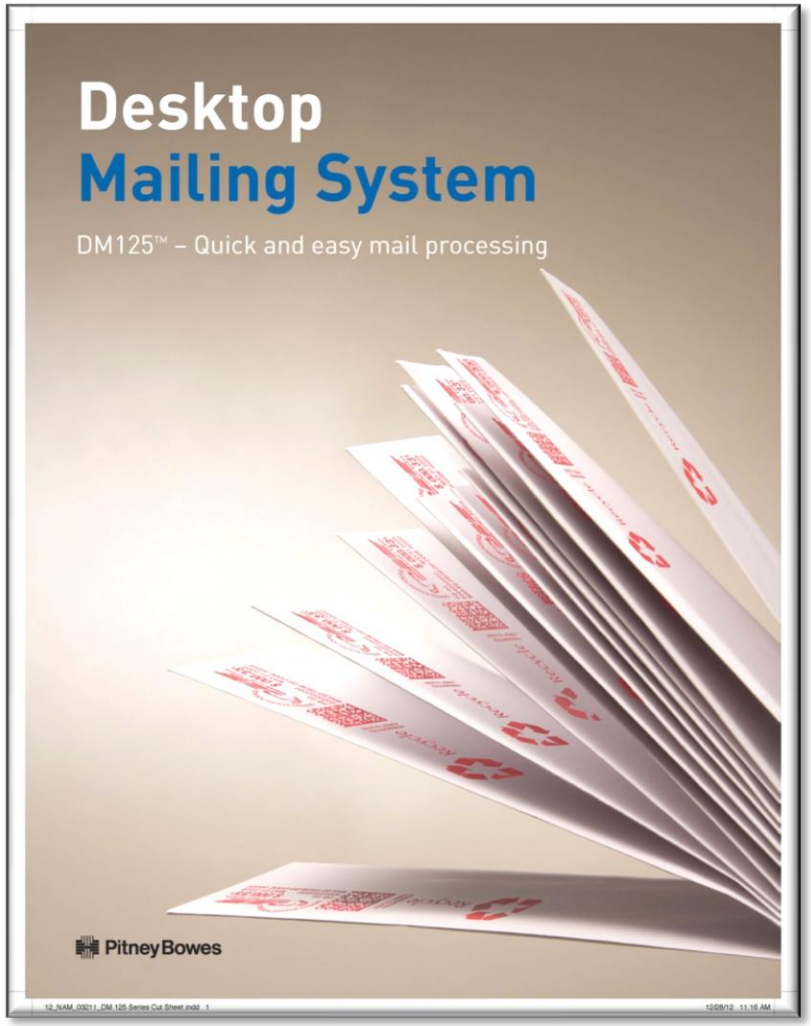
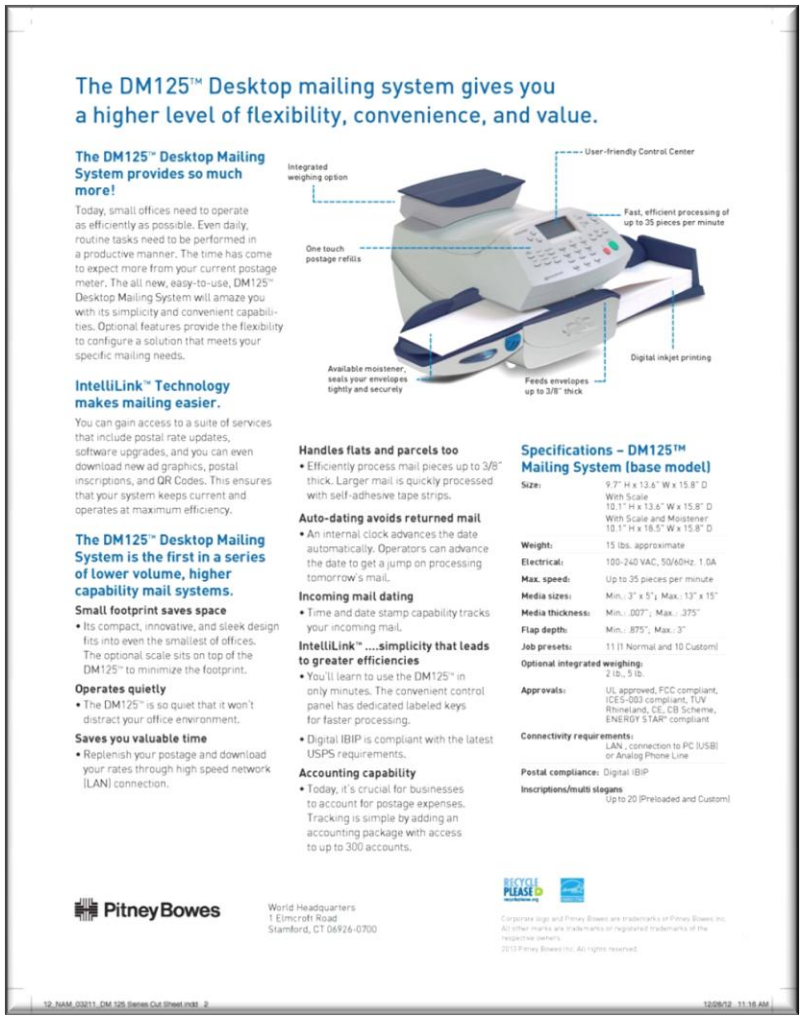
DM125 – Product Brochure

DM125 Product Literature add to the PB Dealer Extranet under Mailing Machines





The DM125™ Desktop mailing system gives you a higher level of flexibility, convenience, and value.

The DM125™ Desktop Mailing System provides so much more!

Today, small offices need to operate as efficiently as possible. Even daily, routine tasks need to be performed in a productive manner. The time has come to expect more from your current postage meter. The all new, easy-to-use, DM125™ Desktop Mailing System will amaze you with its simplicity and convenient capabilities. Optional features provide the flexibility to configure a solution that meets your specific mailing needs.

Integrated weighing option
User-friendly Control Center
Fast, efficient processing of up to 35 pieces per minute
One touch postage refills
Digital inkjet printing
Available moistener, seals your envelopes tightly and securely
Feeds envelopes up to 3/8" thick

IntelliLink™ Technology makes mailing easier.

You can gain access to a suite of services that include postal rate updates, software upgrades, and you can even download new ad graphics, postal inscriptions, and QR Codes. This ensures that your system keeps current and operates at maximum efficiency.

The DM125™ Desktop Mailing System is the first in a series of lower volume, higher capability mail systems.

Small footprint saves space
- Its compact, innovative, and sleek design fits into even the smallest of offices. The optional scale sits on top of the DM125™ to minimize the footprint.

Operates quietly
- The DM125™ is so quiet that it won't distract your office environment.

Saves you valuable time
- Replenish your postage and download your rates through high speed network (LAN) connection.

Handles flats and parcels too
- Efficiently process mail pieces up to 3/8" thick. Larger mail is quickly processed with self-adhesive tape strips.

Auto-dating avoids returned mail
- An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.

Incoming mail dating
- Time and date stamp capability tracks your incoming mail.

IntelliLink™ ....simplicity that leads to greater efficiencies
- You'll learn to use the DM125™ in only minutes. The convenient control panel has dedicated labeled keys for faster processing.
- Digital IBIP is compliant with the latest USPS requirements.

Accounting capability
- Today, it's crucial for businesses to account for postage expenses. Tracking is simple by adding an accounting package with access to up to 300 accounts.
